*The four pillars describe service offerings. Verified delivery experience is listed separately under Selected Federal Past Performance on page 2.***EXECUTIVE SUMMARY**

The BCS Team delivers secure federal technology services and community-impact programs through two operationally segregated entities. **Bright Consulting Solutions LLC** supports federal contracting, cyber infrastructure, and cloud modernization through its Microsoft government cloud architecture; its GCC High tenant is the designated Controlled Unclassified Information (CUI) boundary documented in System Security Plan (SSP) v4.2. **Bright Community Solutions, Inc.**, an IRS-recognized 501(c)(3) public charity, delivers health equity, workforce, digital inclusion, and civic engagement programs from a separate tenant designated CUI-free. Shared leadership is disclosed; identity, access, technology, financial, and data-handling controls preserve both boundaries.

COMPLIANCE POSTURE**CMMC LEVEL 2 READINESS**

CMMC Level 2 readiness posture only. The control set is documented and implementation activities remain in progress. No C3PAO assessment has been performed, and no CMMC certification is claimed.

DUAL-ENTITY GOVERNED BOUNDARY**FEDERAL CONTROLLED ZONE**

Bright Consulting Solutions LLC

Designated environment for authorized CUI and FCI handling. The Microsoft GCC High tenant establishes the documented CUI boundary. SOC operations; prime and subcontract execution.

GOVERNED BOUNDARY

Identity, access, tenant, technology, and data-handling controls maintain separation.

CUI is not authorized for transfer to the nonprofit environment.

COMMUNITY BENEFIT ZONE

Bright Community Solutions, Inc. | 501(c)(3)

Segregated nonprofit tenant for health equity, workforce, digital inclusion, and civic engagement. Designated CUI-free: no CUI is authorized, stored, processed, or transmitted.

ENGAGEMENT FOCUS

Prime and subcontract opportunities, **federal technology teaming**, CMMC-aligned cloud modernization, and community-impact partnerships. Capability briefings available on request.
